Progress of works

The installation of new heating distribution pipes to the NCP car park is now nearing completion and within the next few weeks we will be connecting the new heating pipes to the existing risers.

We have also progressed well with the new heating distribution pipes within the Camden car park and are due to complete within the next few weeks.

The water tank replacement above Mexborough block is well under way, with the first water tank removed and the replacement tank completed and ready for commissioning.

We have started the excavations and installation of the underground heating distribution pipes between the boiler house and Warmsworth block.

Progress of works cont:

We are progressing with the excavations to the area in front of the Marr block and boiler house areas and we should start installing the new heating pipes within the next week.

Weekly information surgery

Please be reminded that every Tuesday at 10am at the site office the RLO and Site Manager will be available to answer any concerns/questions you may have about the work.

PLEASE BEWARE!

We would like to remind parents that during this holiday period children are their responsibility and that fenced off areas are classed as building sites and not play areas.

All Apollo employees will have an Apollo photo identification card and should be wearing an Apollo high viz jacket with identification numbered on the back.

If you are unsure about a caller to your home you should ask them to wait outside and call any member of the project team.
