Dear Resident,

**Re: Emergency Electrical Repair Works to Curnock Street boiler room**

We are writing to you to inform you that we need to carry out some emergency electrical repair works to your building. These works are due to take place on:

**Tuesday 16<sup>th</sup> December 2014**

The works will entail the turning off of the power supply to the boiler room, which will unfortunately affect your **heating and hot water** services, we have a **limited** supply of electric fan heaters. Should you require a heater while we are carrying please contact your Resident Liaison Officer **Stephen Hirsch** on **07590 930 013** or **0800 980 2594**, prior to the works commencing.

We will be cutting the power to the boiler room at **09:00** and we will endeavour to have the power reinstated by **14:00** on **Tuesday 16<sup>th</sup> December**.

We apologise for any inconvenience caused but this is due to emergency electrical works.

If you have any further questions please contact 0207 974 4444.

Thank you in advance for your co-operation in this matter.

Yours sincerely

Stephen Hirsch  
Resident Liaison Officer
